Dear Holy Assumption Parish Counsel,

Glory to Jesus Christ!

What a joy it is to hear all of the good things Holy Assumption is continuing to accomplish in Canton! Even though these last few months have been a difficult transition for everyone, the Holy Spirit still has a purpose and a plan for all those 'who are called according to His purpose.' It is a joy personally also to still hold my membership at Holy Assumption, which I and my family still consider our home parish. I continue to pray and keep all of you in my thoughts and on my heart continually. The ministries and work that this parish has accomplished for the sake of the Gospel continues to amaze me.

One of those efforts is the powerful internet outreach of the Incarnation Broadcast Network, and I am proud to be apart of this work across the globe. Even my own parish here in Coaldale has benefited, as we have many from our parish who are shut in, bedridden or live in another state nowhere near an Orthodox Parish and have taken great joy in the ministry of InBN.

His Eminence Archbishop Job has given his blessing for me to work with InBN, and upon my ordination I also received the blessing of His Grace Bishop Tikhon to continue this important work for the Orthodox faith.

I pray that Holy Assumption will continue to support and stand behind this work of evangelism and encouragement for unbelievers and faithful Orthodox across the world. I am also looking forward to laboring together with you all in the work of the Gospel of our Lord and God and Savior Jesus Christ. May the Lord Bless you and keep all of you!

WOW...a live monastery link? That would be wonderful.

Love the Byzantine Chant, by the way. I also appreciate the "What we believe" seminars, though I usually have to adjust my volume and equalizer settings to hear clearly.

I also really enjoy the broadcast services and the reading of the Psalter. Sometimes that's just the ticket.

FYI, I also listen to Ancient Faith Radio, Radio Athos (when they broadcast...is hit/miss and I don't understand conversational Greek so I really tune in for services, not homilies), Al Orthodoxy (I don't understand a word of Arabic, but they do a LOT of Byz. Chant, some of which is in Greek), and a couple stations in Greece (Crete Arch. and Metropolis of Piraeus), again for services, not homilies.

I have tried The Ark, but really hate the contemporary sound, even though I understand and respect (only to a point) what they are trying to do.

Probably more than you wanted to know, but maybe this is useful, I don't know.

You guys are doing great.
Blessed Fast,

John

Hello,

I like your programming very much. The Holy Week programming was just terrific, very helpful, and the regular feature of chanting of the psalter most useful.

The interview with the nun who had traveled to Serbia was really very edifying and very well done; I would really like to hear more about the work of her community. I very much had the impression that she had a lot more to say, certainly I would have liked to have listened to her more.

I came across a small group a few weeks ago called "Byzantine Girls" They only have short bits on their site but it would be nice to hear more of them if that were possible - don't know - but maybe it would encourage multiplication of Orthodox voices, in more than one sense.

In Christ,

John
