

## *Mission*

To broadcast live orthodox services and teachings to the world.

## *Vision*

To help local parishes and monasteries minister to their local communities.

We hope to help Orthodox Churches to use LP part 15 - AM transmitters, internet broadcasting tools, and digital recordings to reach out to shut ins, seekers, and parishioners alike.

Dear Holy Assumption Members, and other supporters,

Each week we broadcast live audio from Holy Assumption Divine Liturgy. We record the service and replay at a later time.

We continue to have listeners from all over the country, and sometimes various parts of the world. Just this past week we have had listeners from:

Rochester, Washington  
Norwell, Massachusetts  
Acworth, Georgia  
Liberty, Missouri  
Somerset, Ohio  
Decatur, Georgia

Our ministry is unique in that we broadcast live liturgical services each week, and more during lentin periods. This past Pascha marks our 7th year of broadcasting!

We had an Low Power AM transmitters donated to us, and hope to have it fully tested for installation soon.

We will continue our mission and hope to incorporate our vision into a grassroots network of other churches and monasteries., broadcasting through the internet ,and using the LP AM transmitters. These tools, God willing, will further the gospel of Christ and reach out to many people.

Please pray for our efforts. If you can donate towards funding some of these projects see Vera, or mark your donation to INBN.

In Christ,

Steven Mathewson
